

Introducing Streetclub.co.uk

Wouldn't it be great if there was an easy way to start to build a real sense of community in Lightwater?

www.streetclub.co.uk is the perfect way to do this.

It's a website that has been specially created for you and your neighbours to talk, share and plan together.

With Streetclub, you can communicate easily and effectively about the things that matter to your neighbourhood. You can plan events, ask for help and advice, send urgent messages, make local recommendations, and keep everyone informed about what's happening.

Streetclub is free to use, safe and private, where only club members see your club's conversations.

Why not go along to Streetclub today at www.streetclub.co.uk to sign up, and get the community spirit going where you live!

Special incentive

Start a club in your street or area, sign up 10 members and receive a £25 B&Q voucher.

Offer available until 31st August 2013, for the first 20 clubs to be created in the GU18 area

It's the perfect place to keep the channel of communications open.

Richard Hammond

Streetclub is a great way to get the community together. We've all been here for years and never met until today.
